RE: HSCA Laboratory Audit

Dear Mr. Beechler:

Thank you for your recent laboratory audit submittal received on June 30, 2016. After reviewing the audit material, Delaware Department of Natural Resources and Environmental Control Site Investigation and Restoration Section (DNREC-SIRS) offers the following comment:

ALS must notify DNREC-SIRS in the event of a failed performance evaluation sample/result and the corrective action taken to correct the deficiency.

ALS is approved to preform work under the Hazardous Substance Cleanup Act.

If you have any questions please feel free to contact DNREC-SIRS at 302-395-2600.

Sincerely,
